To the Public.

EVERY BUSINESS MAN who consults his own interest, will avail himself of the columns of THE DAILY SENTINEL,—especially when he can do so at the same prices charged by other papers, and secure more than double the advantage of circulation.

This is no boast, but EVERY WORD TRUE.

THE SENTINEL, having double the circulation IN THE CITY, and more than treble OUT OF IT, of any other paper here, renders it far the cheapest and most desirable medium in Milwaukee for all classes of Advertisements.

The Electors.

There are 303 Presidential Electors, apportioned among the States as follows:

States.	Electors.	States.	Electors.
Alabama	9	Minnesota	4
Arkansas	4	New Hampshire	5
California	4	New Jersey	7

Missouri	9		

One hundred and fifty-two votes are necessary to an election.

LINCOLN and HAMLIN have carried 169 VOTES (*seventeen* more than are necessary to elect,) with OREGON and CALIFORNIA to hear from—the former doubtless for LINCOLN and the latter uncertain.

The Banner county.

ROCK COUNTY, the Banner Republican county of our State, makes the following report in the Janesville *Gazette* of Wednesday:

The following are the reported majorities for Lincoln in Rock county:

Janesville city	637	Beloit city	801
Janesville town	56	Beloit town	79
Avon	62	Spring Valley	169
Newark	75	Magnolia	123
Union	275	Rock	60
Porter	74	Fulton	103

Bradford	95	La Prairie	142
Harmony	168	Lima	147
Clinton	206	Turtle	165
Plymouth	98	Center	128
Total			3,235

Every town Republican! "It is instructive to remark" that the canvass made by our friends in that county, several weeks before election, gave us 3195 majority.—Pretty good cyphering and first-rate work. We are indebted to the Janesville *Gazette*, a very "wide awake" paper, for these facts and figures.

The Legislature.

The Republicans gain largely in this State, on the Legislative Ticket. Both Senate and Assembly will be strongly Republican. Our majority on joint ballot will be 30 or 40, at least. A United States Senator is to be chosen this winter, in place of Mr. DURKEE, whose term expires on the 4th of March next.

MANITOWOC COUNTY.—An extra from the Manitowoc *Tribune* brings us the following returns from Manitowoc county:

Towns.	Lincoln.	Douglas
Manitowoc,	480	221
Michicott,	36	195
Cooperstown,	79	89
Centerville,	190	69
Rowley,	17	89
Newton,	123	77
Two Rivers,	211	279
Manitowoc Rapids,	129	121
Franklin,	25	18
Cato,	177	91
Kossuth,	95 maj.	

The county gives from 150 to 200 Republican, and elects a Republican Senator, Mr. SWEET, and two Republican Assemblymen.

JEFFERSON COUNTY REDEEMED!—The Watertown *Republican* (extra) brings in the full returns from Jefferson county. Here they are:

Lincoln's maj, 306; Sloan's maj, 375.—Smith, (Sheriff) 304; Struve, (Register) 288. Ostrander, (Clerk of Court) 264; Grant, (Treasurer) 104; Barber, (Dist. Att'y) 708; Forsyth, (Clerk of Board) 274; Goodrich, (Surveyor) 271; Tubbs, (Coroner) 365.

All Republican! "Bully" for Jefferson!

JUNEAU COUNTY.—The Mauston *Star* says:—"Juneau County, in the fourteen towns heard from, gives LINCOLN 251 maj. Our official majority for the whole county will be about 225. The vote for HANCHETT for Congress, and KINGSTON for Senator, is the same as LINCOLN'S. For Member of Assembly, the people of Lisbon having bolted LAPHAM, he will have only about 50 majority."

THE WINONA REPUBLICAN says:—

"Winona has done most gallantly! A majority of 120 for the Republican ticket in this city exceeds our most sanguine expectations. All honor to the noble band who came to the rescue, and placed Winona among the list of Free Republican cities of the Union!"

"LITTLE GREEN" ALL RIGHT!—The Wisconsin *State Rights*, published at Monroe, Green county, brings us the full vote. The majority for LINCOLN is 1052. Both Republican Assemblymen and the whole Republican County ticket are elected. Well done, "little Green!"

RACINE COUNTY COMPLETE.—The Racine *Advocate* brings us the full returns for that county. The following are the majorities: LINCOLN, 970; POTTER, 1038; UTLEY, 1030. All four Republican Assemblymen and the entire Republican county ticket elected.

THE UNION SAFE!—The town of UNION, Rock county, Wisconsin, voted as follows on Tuesday last:

LINCOLN, 303; DOUGLAS, 27; BRECKINRIDGE, 1; BELL, 0!

CARRIED THEM ALL.—LINCOLN carried his own ward, city, county and State. He also carried DOUGLAS' ward, city, county and State.

WASHINGTON COUNTY.—Polk township 319 majority for Douglas; Larrabee 315 do.

Good for Manitowoc!

Correspondence of the Sentinel.

TRIBUNE OFFICE,
MANITOWOC, Nov. 6th, 10 P. M.

EDITORS SENTINEL—Votes just canvassed here: LINCOLN Electors 259 majority—SLOAN 245 do. SWEET 292 do. FOLES 273 do. County ticket split up.

From Two Rivers, Manitowoc Rapids and Kossuth, imperfect returns show a largely increased Republican vote. Kossuth, a Democratic stronghold, gives LINCOLN 95 maj.; SLOAN 81 maj, SWEET 166 maj.; FOBBS 156 maj. County ticket split up,—ranging from 70 to 80 majorities. SWEET, for the Senate, and FOLES, for the Assembly, are both undoubtedly elected.

Yours forever, S. W. SMITH.

LATER AND BETTER!

We have carried the County for LINCOLN and HAMLIN! Shout boys! Shout! S.

[This is the greatest victory, thus far, of the campaign. MANITOWOC County has always been one of the Democratic strongholds; giving, sometimes, a thousand majority. It is now redeemed, thanks to the untiring efforts of the staunch Republicans of the County. We say, with our friend Gen. SMITH, of the *Tribune*, shout! boys! shout!—ED. SENTINEL.]

Sheboygan County.

Correspondence of the Sentinel.

SHEBOYGAN, Nov. 7, '60.

Ozaukee County.

Correspondence of the Sentinel.

PORT WASHINGTON, Nov. 7, 1860.

GEN. KING:—Ozaukee County has given about 1,150 majority for Larrabee. The town of Belgium, that we supposed would give 150 majority for us, has given so much against us. The whole vote of our county is about 2,450, being about 150 more than was ever before given.

Every influence was brought to bear on Belgium that the Democrats could control. A. Luxemburger was nominated for Sheriff by them, who, in addition to being a countryman of all the Belgians, had large family connections in that town, was personally popular, and had the influence of Mr. Goldsmith, one of our most popular and wealthy merchants.

Yours truly, G. F.

Walworth County—Authentic.

Special Dispatch to the Sentinel.

WHITEWATER, Nov. 8—7 P. M.

Walworth county gives POTTER 2373 majority, and LINCOLN 2315 maj. BENSON is elected to the Assembly in the first district; LONG in the second; SMITH in the third, and SPOONER in the fourth.

"Dinna ye feel the groun' swell, yestern?"

MESSRS. EDITORS:—I give you the vote of this town yesterday, as follows:

Lincoln and Hamlin, 227; Douglas and Johnson, 22; Republican majority, 205.

That is about thirty more majority than we have ever given, and I think it will be hard to beat, according to the number of votes. The balance of the ticket is the same, except Sheriff, District Attorney, and Senator, who lost one vote each.

Respectfully, &c., G. M.

NEW CONVERT—HOLE-IN-THE-DAY ON POLITICS AND TEMPERANCE.—Among the accessions to the Republican party, there is one name that has been neglected by the newspapers—that of the celebrated Hole-in-the-Day.

We learn from a gentleman just returned from the upper country, that this renowned warrior has been making speeches for the Republicans. Our informant took notes of one of these, and has handed them to us for publication. He uses the word "Pemican" for Republican, because he says "Pemican" good for Indian." Here is the speech:

"Hole-in-the-Day happy—Hole-in-the-Day glad—Democrat dead—Pemican (Republican) come—Democrat damn rascal—Pemican honest—Democrat cheat Indian—Pemican good to Indians. Hole-in-the-Day good Pemican. Hooray for Pemican!

What ail Indians—drink too much bad whiskey—Democrat give us bad whiskey—they say any whiskey good enough for Indians. You may laugh when I tell you that you must quit drinking, because you have all seen me drink many a time. I don't think you will ever see me drunk again. Keep sober and be all good Pemicans, and Hole-in-the-Day will be happy. You Indians think you know a heap—I know more than the whole of ye—I'm a good Pemican. Hooray for Pemican!"

We have heard poorer speeches than the above during the campaign.

THE WIDE AWAKES.—The New York *Evening Post* closes a lengthy article on the Wide Awakes with the following just language: "All honor, then to this useful organization! They have worked earnestly and honorably, and have done equal credit to themselves and the party of which they form so important and valuable an aid. In future Presidential campaigns the Wide Awakes of 1860 will be referred to with pride as a model and type for other political bodies, and in the annals of our country they will stand out in bold relief as a glorious and peaceful army of earnest patriots and true gentlemen, who know well how to work earnestly for Republican ends, and are fully able to maintain that moderation in which political organizations are so often deficient."

ANOTHER WINANS STEAMER.—The Messrs. WINANS are now making their arrangements to begin at an early day the construction of another steamer after the model and construction of that which for a year or two past has attracted the attention of the marine world. The new steamer will be 700 feet long, and will be propelled by two wheels, driven by eight engines of immense power. She will have a space two hundred feet long and 30 feet in diameter. The main shaft will, according to the specification, weigh 30 tons. The new ship will be constructed with high pressure engines, and the builders have no doubt of success.

FIRE AT MINERAL POINT.—Last Thursday evening, about 9 o'clock, a fire originated in Misses WILLIAMS' millinery store, at Mineral Point, and before it could be got under seven buildings were consumed. The loss and damage to property is estimated at $8,000 or $10,000. Mr. APPLE's building was insured for $500, in the Peoria Co; Mr. FICK had $1,200 insurance on his buildings, in the Hartford City Co., and Mr. MILTON and Mr. DALEY, whose property was slightly damaged, had insurances amounting to nearly $3,000, in the Phoenix, Ætna and Hartford Companies. The origin of the fire is unknown.

The Result in Illinois.

We intend to be within safe bounds in placing Mr. Lincoln's majority in Illinois at 15,000. We think it is more likely to be 20,000, but we will wait for Egypt.—*Chicago Tribune, of yesterday.*

THE RESULT IN DANE COUNTY.—The returns from Dane county indicate that this hitherto stronghold of the Democratic party has given not less than 600 majority for Lincoln.

The whole Republican county ticket is undoubtedly elected.

In the East Senatorial district, Hon. S. C. Bean is elected to the State Senate by a large majority.

The following are the Members of the Assembly:

First District—S. W. Graves, Rep.
Second District—W. H. Chandler, Rep.
Third District—E. W. Dwight, Dem.
Fourth District—F. A. Pief, Dem.
Fifth District—D. O'Malley, Dem.
Sixth District—D. Atwood, Rep.

Mr. Reynolds is defeated by about fifty maj. The district is largely Democratic, and the most bitter personal warfare was waged against him. He ran largely ahead of his ticket in his own town and in the city where he is best known. We have heard from but few towns in Mr. Haney's district, which is very strongly Democratic, but they indicate the election of his opponent beyond question. Mr. Haney also ran handsomely ahead in his own town.—*Madison Journal, 7th inst.*

TAKING IT EASY.—POMEROY of the La Crosse *Union & Democrat* talks thus after election:

"Yesterday was election day—that is for the Republicans and sinners—Democrats didn't vote—it was'nt their day! The wicked have triumphed—all the slaves are to be liberated—rails will be at premium—slavery is to be abolished on the 5th of March—white men will take back seats and the rail-splitter; oh we forgot—Mr. Lincoln will preside over the destinies of this country. We have met the enemy and we are theirs. "Be merciful to us poor sinners." We went in like lions and came out like lambs. "Oh treat us not revengefully! We intended to scoop them out, and they scooped us. The people that walked in darkness have seen a great light. We guess it was the Wide Awakes! We valiantly marched up the hill—and we can run down again! "Come my beloved—let us go forth into the fields!" We should have beaten them if they had not beaten us. "Oh how people are bent upon backsliding."

P. S.—We don't like to read the returns as they come in!!

DODGE CO.—Portland township, 19 for Douglas and Larrabee. Shields township, 139 for Douglas and Larrabee. Lowe township, 101 majority for Lincoln and Hamlin.

CALUMET COUNTY.—LINCOLN's majority in Calumet County is 125; SLOAN's majority 148.

Departure of Steamers.

FOR TWO RIVERS.

The steamer *Huron* leaves Olmsted's dock, every evening at 8 o'clock, for Port Washington, Sheboygan, Manitowoc and Two Rivers.

FOR BUFFALO.

Screw steamers, with good accommodations, leave the different transportation docks every day, for Buffalo.

FOR OSWEGO AND OGDENSBURGH.

One of the Northern Transportation Co's screw steamers sails for the above ports every day, from the the Company's dock at the M. & Miss. R. R. depot, touching at nearly all intermediate ports.

FOR COLLINGWOOD.

The Collingwood Line of screw steamers leave semi-weekly from Dousman's dock, foot of East Water Street, connecting at Collingwood with the Northern Railway of Canada, for the East.

FOR GREEN BAY.

The screw steamer *Ogontz* makes weekly trips to the above port starting from Olmsted's dock.

CHIVALRY IN LIMBO.—A young man by the name of CARROLL yesterday amused himself by assaulting a peaceable German in SHAUSS' Saloon on the corner of Main and Wisconsin Streets. He then came out and flourished a bowie-knife among the crowd of bystanders—declaring himself a Southern man, and able to lick any two men in town. On complaint of the assaulted man he was arrested and taken to the station. Here a German gentleman appeared as his friend, but the valiant young blood wanted to lick him. The German wishing to accommodate him took off his coat, and Chief of Police BECK was obliged to lock the young man up to prevent further disturbance. Mr. CARROLL is a fine looking young man, and occupies a position in one of the most respectable law offices in this city. He stands over 6 feet in his stockings. If he gets sober and does not *lick* the court, he will have to pay dearly for his fun, this morning.

STEALING BAGS.—Officer KENNEDY arrested WM. HENDERSON and GEO. OTTMAN, yesterday, for stealing one hundred bags from the barn of GEORGE GEE, a grader in the Third Ward. The bags were hung up in the barn, in lots of fifty each, and were found to be missing on Monday last. Some of the bags were found with one MCCARTY, in the Fourth Ward, where they had been sold by the accused, and others were found elsewhere, which afforded the means of tracing the theft to HENDERSON and OTTMAN, who had formerly been in the employ of GEE. Their case is undergoing an examination.

MR. NELSON LUDINGTON.—This gentleman, an old resident of Milwaukee, though now living at Chicago, is among the number of those reported as seriously hurt by the explosion on the propeller *Globe*, at Chicago yesterday. He was crossing a bridge, close to the propeller, when the explosion occurred, and was struck by a fragment of the boiler. We are glad to learn from a private telegraphic despatch, that he escaped with a comparatively slight wound.

MORE BODIES ASHORE.—A report was received at the Station House on Wednesday that more bodies of the *Lady Elgin* disaster had come ashore the day previous, thirty miles south of Chicago, in Lake county, Ind., among whom, it is supposed, one was the body of Capt. BARRY. Mr. J. L. HATHAWAY, accompanied by a police officer, left the city the same day for the above place, and will forward the Chief of Police a full description of the bodies.

HAVING GOT fairly out of politics, we last evening spent an hour most agreeably at the Academy of Music, in the contemplation of those really artistic and beautiful pictures of Italy. This panorama is far ahead of those which have visited us heretofore, and no one fail to be interested in the glowing scenes so faithfully drawn, and the well-written lecture which accompanies them. We advise all who have not seen the Mirror of Italy to go at once, as it remains here but two nights more.

THE FIRE ON ELECTION NIGHT.—In our paper of Wednesday we gave Engine Company No. 1 credit for being promptly on hand and extinguishing the fire in Mr. UPHAM's building, on Wisconsin street. This was all right; No. 1 being first on the ground. But Supply Hose Company, H. A. STARR, Foreman, was close on No. 1's heels, and furnished them hose to play on the fire.

THE AUCTION SALE OF FURNITURE.—The auction sale of splendid furniture will be continued on Saturday, at the store formerly occupied by the firm of NOYES, FLERTZHEIM & Co., on East Water street. We have before called attention to this sale, believing it to offer inducements to those wishing the very best custom-made work, seldom presented.

APPLY TO PIERCE.—We are requested to state that persons leaving any articles of wearing apparel, reticules, handkerchiefs, &c., in the Academy of Music, can always get the same, if found, by applying to PIERCE, who has charge of the Hall, and may be found at the news room near the corner of Milwaukee and Mason streets.

THE PEOPLE'S *Press* rejoices that JOHN LOCKWOOD is not elected to the Assembly. As one of the editors of that sheet is, perhaps it is no more than natural that he should "feel glad" that a man of *investigating* habits is left at home. How is it EDWARD?

THAT EXTENSIVE and well-known Stone Mill (together with all the improvements attached) at Mazomanie, will be sold at public auction to the highest bidder, for cash, on Thursday next, November 15th, at 12 1-2 o'clock, at the Board of Trade Rooms, by C. WALL. For particulars see advertisement and hand-bills.

PERSONAL.—Judge TIMOTHY O. HOWE, of Green Bay, was in town yesterday. He brings good news from the North. Brown County has given only a small Democratic majority, compared with previous years.—The Republicans of that county have done a great work.

WHO SAID SO?—You say your family are well, and that you were never better in your life. How long will this continue! Be prepared for a reverse, and take home a bottle of Guernsey's Balm. It will cost you 25 cents.

LOCALS, ATTENTION.—The Local and Commercial Editors and Reporters of the City Press, are requested to meet in the sanctum of the *News* office, this morning, at ten o'clock.

ACCIDENT.—JAMES PERKINS, a teamster, was injured on Tuesday afternoon, by the falling of a board from a house on Fifth street, while he was passing.

Public Lectures.

MR. EDITOR:—Can you spare room for a few suggestions on public lectures? The "Season" is at hand, and it is understood that the enterprising managers of the Young Men's Association have taken the necessary steps to secure their usual "course". This is all very well. The lecture-going public may doubtless depend on a satisfactory entertainment.

But I respectfully submit that the sort of lectures which have become so fashionable now-a-days, are not adapted to the wants of a large portion of our community. They are intended for the gratification of the more highly cultivated, the intellectual, the "appreciative," and are, of course, extensively patronized by the would-be literary, the fashionable, the *bon-ton*. Many who consider the theatre and the opera objectionable, or at least forbidden pleasures to them, rejoice in the lecture as a harmless recreation, a very commendable way of passing a winter's evening. It is quite proper that all such should be gratified. Under the auspices of the Young Men's Association, the requisite number of "distinguished lecturers" are easily secured, and, if the course proves "a success," the proceeds will cover expenses. Thus, much pleasure is afforded, curiosity is gratified, and no harm done.

But there is another, and perhaps as large a class, embracing very many of our young men—our clerks, mechanics and artisans, who have neither time nor money to spend to so little purpose, but who would gladly devote an evening or two every week to the cultivation of their minds, and the acquisition of useful knowledge. Cannot a course of lectures be gotten up which shall be adapted to their wants, and which may, perhaps, prove acceptable to others also? A course whose primary object should be instruction, not amusement; the cultivation of the mind, not the gratification of the taste or the desire to spend an hour pleasantly? It should embrace familiar and instructive lectures on various branches of natural science—as astronomy, geology, chemistry; on commerce and manufactures; the application of science to the arts and purposes of life, or other topics which have some practical bearing on our industrial pursuits and every day employment, and which shall stimulate thought and create a desire to know more than a single lecture, or course of lectures, can impart on any subject.

Who will take this matter in hand and inaugurate such a system of public lectures? Cannot the experiment be made? We have certainly talent enough among our literary and scientific men, our professional men, our teachers and editors, if it were only called out, so that it would not be necessary to go abroad for lectures, at least beyond the limits of our own State.

The expense of such a course would be very small. Perhaps some of our enterprising business men would even assume the charge—a hall, lights, &c.—and thus make the lectures absolutely free. They could not promote their own interests more effectually than by thus consulting the intellectual and moral welfare of their employees of the public.

These are crude ideas, Mr. Editor, and you may not think them worthy of consideration, but if you approve and print, I hope you will also *endorse* them.

THE WAR TIGER; or, the Adventures and Wonderful Fortunes of the Young Sea Chief. By WILLIAM DALTON. New York: W. A. TOWNSEND & Co.

A highly interesting story of the conquest of China, written in a pleasant vein, and handsomely illustrated—a book that cannot fail to be appreciated by all the young folks.

FAMOUS BOYS, and how they became Great Men.—New York: W. A. TOWNSEND & Co.

Containing biographical sketches of the boyhoods of WEBSTER, FRANKLIN, BURNS, KANE, CLAY and a host of others, showing how they lived and acted to become great men.

THE WHITE ELEPHANT, or the Hunters of Asia, and the King of the Golden Foot. By WILLIAM DALTON. New York: W. A. TOWNSEND & Co.

The adventures narrated in this little volume are "hair-breadth" descriptions; tiger hunts in Burmah; escapes from crocodiles and serpents; interviews with the rhinoceros; and perilous relationships with the natives, combining a deal of natural history, geographical information, and good sense in a pleasant oriental story, which will please our young friends as only the "Swiss Family Robinson" used to please us.

DR. S. A. WEAVER'S CERATE—IT IS now about ten years since this article was first introduced to the public, and such has been its success, that from the annual sale of a few thousand bottles of it, the sales have now reached Millions in the same length of time. Now what is the reason of this great increase of its use? Simply from the fact that there never has been an article that could be compared to it, for curing many of that class of diseases which always been said to be incurable. It has effected permanent cures. Another reason of its great success is from the fact that when one person uses it, he finds out what it will do, and tells it to his neighbors, and the use of one bottle is sure to make sale of hundreds of others. We have never puffed it, or tried to force it upon the public, but have left it to make its own way and establish its own reputation, and it has so far done it, that in most places where it has been introduced, it has taken the place of all other Ointments and Salves.

Sold wholesale and retail by Greene & Button, and most of the druggists in Milwaukee. oct15j962dl&waswlm

THE FOLLOWING FROM MESSRS. Gage & Mather, prominent Druggists of Sparta, gives further evidence of the great popularity of our Medicine.

SPARTA, Monroe Co., Wis., July 7th, 1859.

Messrs J. N. HARRIS & Co.—Gentlemen: It is with pleasure that we speak a word in commendation of your very valuable medicines, "Perry Davis' Pain Killer," and "Dr. Richardson's Sherry Wine Bitters." They are of great merit, and already too well known to the public at large to need any very special notice from particular individuals. The Pain Killer has become a household remedy all through the West, and the Sherry Wine Bitters are superior to any bitters we have ever met with, and as they become known the demand increases, and all find from their use satisfactory results.

Most respectfully, GAGE & MATHER.

The Sherry Wine Bitters are for sale by Greene & Button, John H. Tesch, C. H. Gardiner & Co., Lafayette Lake, and druggists generally in Milwaukee and the State. oct18j980dlawawlm

The majority for DOUGLAS in the county will not differ much from 1870, and that of Mr. ARNOLD will be nearly, if not quite, *two thousand*. A great number of bets were made on that precise figure and it will take the official canvass to decide who has won and who has lost. We shall know on Tuesday.

We desire to call the attention of our country friends to the above figures. They illustrate the fidelity of the Republicans of Milwaukee to the principles they profess. Mr. ARNOLD has received a few more votes in this county than Mr. DOUGLAS did; but these were mainly from BRECKINRIDGE and BELL men, who had no candidate of their own.—The Republicans, with hardly a single exception, stood by JOHN F. POTTER, as it was their duty to do. Mr. ARNOLD made a vigorous fight and received a handsome vote.—His nomination greatly strengthened the Democratic county ticket, and may almost be said to have elected it. His friends (and he has a host of them,) worked indefatigably in his behalf; but the Republicans of Milwaukee, true to their cause and candidate, could not be induced, by any local, or personal considerations, to vote against that faithful and fearless representative of their principles, JOHN F. POTTER.

RESULT OF THE ELECTION.

As far as heard from, the several States have voted as follows:

FOR LINCOLN.		FOR BRECKINRIDGE.	
Maine,	8	North Carolina	10
New Hampshire,	5	South Carolina	8
Vermont,	5	Georgia	10
Massachusetts,	13	Alabama	9
Connecticut,	6	Florida	3
Rhode Island,	4	Mississippi	7
New York,	35	Arkansas	4
Pennsylvania,	27	Texas	4
Ohio	23	Louisiana	6
Indiana	13		
Michigan	6		69
Illinois	11	FOR "FUSION."	
Wisconsin	5	New Jersey	7
Iowa	4	DOUBTFUL.	
Minnesota	4	Missouri	9
		TO HEAR FROM.	
For Lincoln	169	California	4
FOR BELL.		Oregon	3
Maryland	8		
Virginia	15		
Tennessee	12		
Kentucky	12		
	47		

Mr. LINCOLN has already 17 more votes than are necessary to elect him, and will, very probably, carry OREGON, and possibly CALIFORNIA. Mr. DOUGLAS has not carried a single State in the Union, unless it be Missouri. The result is sufficiently significant and eminently satisfactory.

THE LINCOLN COLUMN.

The States voting for LINCOLN have given the following reported majorities:

Massachusetts	70,000
Pennsylvania	65,000
New York	40,000
Ohio	40,000
Vermont	30,000
Maine	25,000
Michigan	20,000
Wisconsin	20,000
Indiana	15,000
Illinois	15,000
Connecticut	10,000
New Hampshire	10,000
Iowa	10,000
Rhode Island	5,000
Minnesota	5,000

These are stated in round numbers, as they have been received by telegraph; and may vary somewhat from the official count.

INCIPIENT TREASON.—The French paper in New York, the *Courrier des Etats Unis*, says;

"Preparatory overtures have already been made to the French government to know whether, the case occurring, it would consent to take under its eagle the commercial neutrality of any point on the Southern coast of the United States."

The *Courrier* adds that an indefinable answer was given, but that the impression left upon the minds of the negotiators, was that the Emperor of France would be only too glad to assume such a protection over "any point on the Southern coast of the United States." Upon this confession the N. Y. *Commercial Advertiser* pertinently remarks:

"Of course the people of the United States would never permit the assumption of any such protectorate—any such foothold of despotism upon its territory, and that phase of the matter may be dismissed. But this phase remains. *It is to conciliate men who have already invited a foreign despot to take possession of American territory*, that we are to refrain from voting for a Republican President. *Out of respect to men who are already traitors to our common country*, we are to hold our peace and let them do as they list: That is the argument of Mr. Lincoln's opponents. *We must not offend those who are actually negotiating with a foreign despot for protection in their treason, by voting against their wishes!*"

Accept the Result.

That is a treasonable policy in any country, under any government, which declares in behalf of a party or a faction that it will rule or ruin. Here, more than elsewhere, is such a policy treasonable, where the form of government is such that not merely the laws of the country, but the very existence, of mutual rivalry, of fraternity and good-fellowship, are shattered and scattered to the winds of heaven if, at the last, the constitutionally expressed will of the majority is not suffered to bear a peaceable, and, for the appointed term, an irrepealable sway.

All our elections, federal, state and lesser, such is the nature of a democracy, are for the simple purpose of ascertaining what opinions and policy are desired by the greater part of those who vote, and of seating in authority the representatives of those opinions. For those, then, who suspect themselves to be in a minority to refuse to abide the test, to cry ruin if they may not rule, so precipitating, perhaps, the very catastrophe which would subvert minority and majority alike, and make a popular government impossible, is treasonable to the *spirit*, if not to the letter, of the law.

In our turbulent politics no one would object strenuously to the advocates of either party, demonstrating, if they may, that ruin must be the result of their opponents' rule. We are not sure indeed, that any party has ever failed to do that service for its enemies, and by all good logic, we ought to have perished a dozen times already as a nation, and as United States. But to assert that a party will if in power ruin the country, is a very different thing from threatening that if it gets in power, the country shall be ruined—that the States united shall be divided.

Mountains have labored and brought forth mice, ere now, it is said, but history does not record that a mouse ever gave birth to a mountain. He has but a feeble conception of the solidity of that structure which our fathers reared, under which we abide and which is destined to give shelter to coming generations, who dreams that its vast walls, its broad foundations, its interlocking interests, and its cemented parts can be shaken to pieces by the tide of battle which to-day takes its final turn.—*N. Y. World.*

COTTON is now being carried by rail from the Mississippi to the Eastern States. The Illinois Central railroad recently concluded a contract to convey 2,000 bales of cotton from Cairo to Chicago, from whence it is to be forwarded to New England.

A Sample of Southern Hospitality.

We take the following from the Montgomery (Ala.) *Mail:*

STRAIGHT MAKES A STRAIGHT COAT-TAIL.—A man named S. Straight, a member of the Cincinnati firm of Straight, Denning & Co., produce dealers, visited our city last Friday, and remained until Saturday night. The *Advertiser* of Saturday morning, contained a description of the worthy, from a Rome (Ga.) paper, which denounced him as a Lincoln abolitionist. Meantime he was prosecuting his business, in the way of soliciting orders from our heavy dealers, with whom, by the way, his house has been doing some business for two or more years.

It getting wind that we had an abolitionist among us, a committee of citizens visited the man at his room in the Exchange Hotel, and searched his trunk. They discovered nothing but an answer to Helper's Impending Crisis [and a Bible—books, which, it is most singular, an abolitionist should travel with. But, probably, this was done to deceive, in case of search.

The committee questioned Straight, and learned from him that he was a supporter of Lincoln, though he had not, so far as we learn, made known the fact, except on being questioned. In consequence of his admission of his Lincolnism, he was ordered to leave by the earliest train, which he promptly promised to do.

Subsequently, a committee of young citizens visited Straight, and they intended either to execute him or to administer such corporeal punishment as would have made the *Straight brand* notorious for the next half century. But in consideration of the fact that Straight had only expressed his preference for Lincoln on being closely questioned, and that he declared at the same time that he did not believe Lincoln to be an incendiary—in consideration of this, some of our older and more cautious citizens took the trouble to convey the wretched creature to the West Point depot, and, cutting his name off his trunk, started him for his happy abolition home, where the "nigger" is the equal of all such white men.

Let Southern grocers remember the name of Straight, Deming & Co.—*Mont. (Ala.) Mail, Oct. 29.*

New Orleans and New York.

Gov. SEWARD, in his New York speech, said:

"The greatest and finest site for commerce on this continent is New Orleans, and in early life I made a pilgrimage there to see whether it was not true that New Orleans was not to supercede and supplant New York, the capital of my native State, as the seat of commerce on this continent. I found that whereas there were ten times the population in New York that there was in New Orleans, that it was increasing in a ratio of such magnitude that when New Orleans would have a quarter of a million, New York would have a million and a half. Shall I tell you the reason? I found it in the fact that when I went out in the night in the city of New York, I saw the cobbler's light twinkling in the window in the gray of the morning or late at night. I saw everything *made*, as well as sold, in New York; but when I came to the city of New Orleans, *I* found there that everything was sold and nothing was made. After trying in vain to find any article of human raiment that was made in New Orleans, I did see upon a sign opposite the St. Charles Hotel this inscription: "Wagons, carts and wheelbarrows made and sold here."

I said, I have found one thing that is made in New Orleans! coarse wagons, carts, and rough and rude wheelbarrows; but on crossing to inspect the matter a little more minutely, before entering it in my notes, I found that I had overlooked some words printed in smaller letters, "at New Haven," [laughter] and that the sign was rightly to be read: "Wagons, carts and wheelbarrows made at *New Haven* and sold here."—[Laughter.] Fellow citizens, this is not a reproach. It is not spoken reproachfully; it would ill-become me to speak it. But it is their system. They employ slaves, but in New York—I was going to say that we employ, but I think I will reverse it, and say that freemen employ their masters, the manufacturers. This is but an illustration. The principle is the same in every department of industry and manufacture."

Attempt of a Young Lady to Commit Suicide.

In one of our most flourishing suburban villages, a young man has recently established himself in the apothecary business, with a good degree of success. A short time since, a daughter of one of the prominent citizens of the place called upon him, and said she wanted to buy some strychnine.

He looked at her, and noticing marks of confusion in her countenance, had a vague suspicion of something wrong. He accordingly answered by an evasive question, as to whether she knew that apothecaries were not allowed to sell poison, telling her that if she would bring the prescription of a physician it would be all right. She answered with a smile, that she only wanted it to kill a cat; that she was attached to the animal, hated to kill it, and therefore would like something that would cause as little pain as possible, but would be sure death.

The apothecary did not like to offend the young lady, but still had his suspicions.—He accordingly mixed a preparation and gave it to her. As he suspected, she went home, took it, was very sick, and finally calling her father, told him she was tired of this world, had taken strychnine, and had only a few minutes to live. The father, after much persuasion, obtained the name of the apothecary, and rushed to him. The latter received him without emotion, and in response to the anxious parent's inquiries, told him the circumstances; and explained that he had given her a dose which would only produce a very nauseating and perhaps beneficial effect. This proved true—the young lady, who was only about seventeen years of age, being made very sick, and now having recovered entirely.—*Boston Traveler.*

GOV. SEWARD'S NEW YORK SPEECH.—Had anything been wanting to secure to Gov. Seward the reputation of being the greatest statesman of the age, his plain, unvarnished, but most logical and convincing speech in New York, on Friday evening last, was more than sufficient to indelibly stamp him with that proud title. Direct, conservative, and couched in simple language, it could not but convince timid people, who are still ignorant of the real scope of Republicanism, that the doctrines it seeks to maintain and disseminate are far from what political demagogues represent them to be, and that the election of Abraham Lincoln will bring to the Presidential chair one who is both able and willing to protect and defend the rights of all portions of our common country, from the sunny plains of Georgia to the snow-capped hills of Mexico.—*Newark Mercury.*

THE ELECTION IN THE CITY YESTERDAY.—The Democrats in this city worked with desperation yesterday to avert their fate. Some idea of their frenzy may be gained from the conduct of their challengers. The oldest and most respectable citizens were compelled to swear in their votes. Among them were Simeon Mills, Esq., W. H. Waterman, Mr. Sholes and others, men known throughout the State. To crown the whole, Gov. Randall, who resides in the Third Ward, was challenged, and compelled to swear in his vote. This shameful system of operations, however, profited them nothing. The returns show a clear Republican gain over the vote of last year for Governor Randall—who stood highest on our ticket—of over 200.—*Madison Journal, of Wednesday.*

TIE THE BAG AND SAVE THE COUNTRY.—Mr. Parton tells us, in his "Life of Jackson," of an interview between the President and "Big Sam" Dale, at the height of the nullification excitement in 1832. In the course of the conversation on the subject the President said: "General Dale, if this thing goes on, our country will be like bag of meal with both ends open. Pick it up in the middle, or endwise, and it will run out. I must tie the bag and save the country."

There is no doubt of the fact that both ends of the bag are again open, but we know who will tie the bag and save the country.—*N. Y. Post.*

ON TUESDAY, the 16th ult., a meeting was held in Manchester, the Mayor in the chair, in aid of the British Syrian Relief Fund. The following resolution was unanimously adopted:

"That this meeting, in consequence of the late fearful massacres in Syria, has learned with deep regret that there are at the present time some 80,000 people scattered among the mountains and on the coast of Syria, homeless, naked and starving; and it is the opinion of this meeting that the urgency of the case is without parallel, and that it demands the sympathy and co-operation of all classes of the community. It was also resolved to form a committee in aid of the fund, towards which contributions exceeding £350 were announced."

A FEW WORDS PERSONAL.—The editor of the St. Louis *Republican*. (Douglas) so far forgot himself, the other day, as to give the editor of the *Bulletin* (Breck.) the lie. Upon this the latter publishes a double-leaded paragraph, in which he says in conclusion:

"We are not among those who are disposed to bear this kind of warfare with equanimity; and we hereby take occasion to say that should the *Republican* again think it proper to impute the lie to this journal, we shall regard the controversy as removed beyond the sphere of newspaper discussion."

That breathes of "pistols and coffee for two."

PROCLAMATION.

THANKSGIVING.

It is right that all Christian nations should praise the Ruler of the Universe for His wonderful goodness to the children of men.

It is eminently proper that the people of this country should praise Him, for they are favored above all others, in their form of government, devised, under God, by the wisdom of their forefathers—in freedom to do all things that are right—in health, peace, prosperity—in a wonderful process of development which has already placed them in the foremost rank of the nations of the world.

The people of Wisconsin have extraordinary reasons for thankfulness the present year. The peaceful labors of the husbandmen have been blessed in a most remarkable degree, and their barns and storehouses are overflowing with the abundance of the harvest.—Surely, "He findeth them with the finest of the wheat." Health has prevailed throughout our borders. Good order has everywhere reigned. The blessings of free education have been extended. All classes and professions have pursued their avocations with greater or less measure of success, under the protection of just and equal laws. If afflictions have come upon, or calamities overtaken us, the benign influences of Christian benevolence have hastened to dry the tears and minister to the wants of the bereaved.

Following time-honored custom, it is my privilege again to invite the people of Wisconsin to the observance of their annual festival of joy and gladness, and I do hereby appoint THURSDAY, the 29th day of November, 1860, as a day of THANKSGIVING and praise to the Almighty Ruler of the Universe.

And I recommend that the people of the State, on that day, laying aside the cares of life, gather together in their solemn assemblies, and, in manner and form approved by their consciences, return their thanks to God for His great goodness to us as citizens of a country blest, beyond others, with civil and religious Liberty, Educational Institutions, Peace and Prosperity; and especially for His overflowing blessings to the people of this Commonwealth, in Abundant Harvests, Health, Social Comforts and Privileges, and for all that contributes to their happiness and well-being as communities and individuals.

"Enter into His gates with thanksgiving, and into His courts with praise; be thankful unto him and bless His name."

When the feast is spread, and the tables groan with fatness, let not the poor be forgotten, nor any man found begging bread.

In witness whereof, I have hereunto subscribed my name, and caused the great seal of the State to be affixed.

[L. S.]

Done at Madison, the 29th day of October, A. D. 1860.

By the Governor, ALEX. W. RANDALL.
EDWARD ILSLEY, Asst. Sec'y of State.

Brave Boy—An Incident of Western Life.

To the Editors of the N. Y. Eve. Post:—The following incident, which has just occurred in a family of an Episcopal clergyman in one of our Western capitals, as illustrating the habits of self-reliance and fearlessness taught by Western life, may be interesting to your readers:

Edward, a boy about fifteen, was left at home during the visit of his father and mother to their friends in the vicinity of New York, and every night slept alone in the house, which was situated in a piece of woods a mile or two from Ft. Desmoines. Though the situation was isolated, it was looked upon as safe, no one supposing that anybody would be wicked enough to attack a boy, or foolish enough to look in a country parson's house for plunder. But one night last week Ned, who slept in a room on the second floor, at the head of the stairs, was awakened by a noise in the rooms below. Listening a moment, and all being quiet, he went to sleep again, supposing that some of the dogs might have disturbed him.—After awhile he was again awakened, and listening, he heard a soft step on the carpeted stairs approaching his room. He sprang up, seized his shot gun, which he always kept loaded, and springing to the head of the stairs, called out, "Stand or I'll fire!" All was dark, but a noise on the stairway told him that some one was not standing but moving, and he aimed the gun down stairs and fired. Almost immediately he heard the noise of something falling over in the parlor, and running to the window saw a man running away through the woods. He then struck a light and went down stairs. The door which opened at the foot of the stairs was perforated with the shot; and in the parlor was everything of any value in the house tied in bundles ready for removal. All the clothes, silver, linen, cutlery, and everything movable, had been packed up in parcels.

How many boys of that age would so promptly and efficiently defend their homes?

THE LONDON EXPRESS gives a description of the new English Bronze Penny. The coin is less in diameter and thickness than the copper penny, though a little larger than the half-penny. It is edged by a slightly elevated plain border, and surrounded by a dotted circle over the lettering. The obverse, or head side, contains a fine bust of her Majesty the Queen. The features are rather more idealized than we have been accustomed to see upon her Majesty's coins.—On the left shoulder, which is presented to the view, there is worked on the dress the rose, shamrock, and thistle, and a part of the badge of the Order of the Garter, the letters "HONI SOI" being visible. Under the outer dress is seen a delicate muslin fold, fastened in front by a rosette to a similar fold from the opposite side. The superscription is "Victoria, D: G: Briti: Reg. F: D:" in plain Roman letter. The engraver's name, L. C. Wyon, is stamped on the under edge of the shoulder. On the reverse, Brittannia is represented, helmed, and seated, we presume on a rock; though we should have liked to have seen the rock more displayed, as there seems no division from the surrounding waves of the sea. She holds with her right hand the shield, bearing a voided double Cross; in her left hand she supports the trident. Before Brittannia, who presents her right side to view, is an outward bound ship in full sail. At the back of Brittannia, in the distance, is a light house of the Eddystone form, on a rock. The superscription is "One Penny." From the difficulty of working the metal it may be some time before the coin is issued for circulation, but when once out it is likely to retain its impress much longer than the copper coinage.

MISS HELEN M. DRESSER, a young lady who spent several years with her parents in Salt Lake City, lectured recently at Cincinnati. She is said to be young, intelligent, and speaks with a fluency that at once secures the attention and sympathy of the audience. She did not state much that was not familiar to general readers. The Mormon life pictured by her is the same as that drawn by others who have preceded her, either in person or by means of printed books. She avers that the sermons published as coming from the lips of Kimbal and Brigham Young are true, and that they are shorn of some of the worst thoughts of those men. Such is the influence of the doctrines of Mormonism that the females of Salt Lake are pictures of despair. Miss Dresser and her parents emigrated to Utah in 1854, her father being a convert to Mormonism, but her mother not. They escaped from the city only by misleading the authorities as to their destination; and after traveling southerly, for one day, changed their course, and by a *different* route made their way to the States.

AN UNEXPECTED ANSWER.—An English paper says that a young damsel who is engaged and will shortly be united to a gallant son of Neptune, lately visited the Mariners' Church. During the sermon the parson discussed eloquently and with much earnestness of the dangers and temptations of the sailor. He concluded by asking, "Is there one who thinks anything of him who wears a tarpaulin hat and blue jacket, or a pair of trousers made of duck? In short, is there one here who cares aught for the poor sailor?" A little girl, a sister of the damsel, jumped up, and looking archly at her sister, said in a tone loud enough for every one to hear, "Yes, sir, our Becky does."

THE DAHOMEY MASSACRE.—The Dahomey massacre seems to have been as bloody and revolting as it possibly could be; the victims were numbered by thousands. In the London *Times* is the following extract from a letter dated: "Cape Coast Castle, Gold Coast, Sept. 15.—The atrocities at Dahomey have far exceeded the report of which you are aware. Thousands have been sacrificed.—Latterly came a steamer on the coast and shipped off 1500 slaves. A man of war being on the spot, saw the vessel, but suspected nothing of her design. We hear that English people and other Europeans have been imprisoned there—most probably from refusing to witness the human sacrifice, or take part in the rites of diabolical superstition."

A CALCUTTA LETTER says:—"the famous crystal throne which Shah Jehan counted among the most valuable of the splendid trophies which adorned his palace has been sent to England in the *Saladin*. But little is known of its history prior to its having come into possession. Subsequently on the taking of Delhi by the Mahrattas, they made a great effort to destroy it by fire, but succeeded only in injuring its appearance, the heat to which it was subjected having caused it to crack and open out in seams. It consists of a single mass of rock crystal, two feet in height by four in diameter, and is shaped like a sofa cushion with tassels at the corners."

THE GREAT HOLLAND REMEDY—BŒRHAVE'S HOLLAND BITTERS.—Persons subject to nervous sick headache, will find in Bœrhave's Holland Bitters, a sure, safe and pleasant remedy. It soothes the throbbing head, corrects acidity of the stomach, assists digestion, and creates a healthy appetite. It is, without doubt, a most delightful preparation, and an effectual remedy. The fact that it is now a very popular medicine throughout all the Holland settlements in Wisconsin, New York, Michigan, Illinois and Indiana, speaks much in its favor. DR. MOTT'S
CHALYBEATE
RESTORATIVE
PILLS OF IRON.
AN APERIENT AND STOMACHIC preparation of IRON purified of Oxygen and Carbon by combustion in Hydrogen. Sanctioned by the highest Medical authorities, both in Europe and the United States, and prescribed in their practice.
The experience of thousands daily proves that no preparation of iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions indicate its necessity in almost every conceivable case. Innoxious in all maladies in which it has been tried, it has proved absolutely curative in each of the following complaints, viz:
In Debility, Nervous Affections, Emaciation, Dyspepsia, Constipation, Diarrhœa, Dysentery, Incipient Consumption, Scrofulous Tuberculosis, Salt Rheum, Mismenstruation, Whites, Chlorosis, Liver Complaints, Chronic Headaches, Rheumatism, Intermittent Fevers, Pimples on the Face, &c.
In cases of General Debility, whether the result of acute disease or of the continued diminution of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which no description nor written attestation would render credible. Invalids so long bed-ridden as to have become forgotten in their own neighborhoods, have suddenly re-appeared in the busy world, as if just returned from protracted travel in a distant land. Some very signal instances of this kind are attested of female sufferers, emaciated victims of apparent marasmus, sanguineous exhaustion, critical changes, and that complication of nervous and dyspeptic aversion to air and exercise for which the physician has no name.
In Nervous Affections of all kinds and for reasons familiar to medical men, the operation of this preparation of iron must necessarily be salutary, for, unlike the old oxides it is vigorously tonic, without being exciting and overheating; and gently, regularly aperient, even in the most obstinate cases of costiveness, without ever being a gastric purgative, or inflicting a disagreeable sensation.
It is this latter property, among others, which makes it so remarkably effectual and permanent a remedy for Piles, upon which it also appears to exert a distinct and specific action, by dispersing the local tendency which forms them.
In Dyspepsia, innumerable as are its causes, a single box of these Chalybeate Pills has often sufficed for the most habitual cases, including the attendant Costiveness.
In unchecked Diarrhœa, even when advanced to Dysentery, confirmed, emaciating, and apparently malignant, the effects have been equally decisive and astonishing.
In the local pains, loss of flesh and strength, debilitating cough, and remittent hectic, which generally indicate Incipient Consumption, this remedy has allayed the alarm of friends and physicians, in several very gratifying and interesting instances.
In Scrofulous Tuberculosis, this medicated iron has had far more than the good effect of the most cautiously balanced preparations of iodine, without any of their well-known liabilities.
The attention of females cannot be too confidently invited to this remedy and restorative, in the cases peculiarly affecting them.
In Rheumatism, both chronic and inflammatory—in the latter, however, more decidedly—it has been invariably well reported, both as alleviating pain and reducing the swellings and stiffness of the joints and muscles.
In Intermittent Fevers it must necessarily be a great remedy and energetic restorative, and its progress in the new settlements of the West, will probably be one of high renown and usefulness.
No remedy has ever been discovered, in the whole history of medicine, which exerts such prompt, happy, and fully restorative effects. Good appetite, complete digestion, rapid acquisition of strength, with an unusual disposition for active and cheerful exercise, immediately follow its use.
Put up in neat flat metal boxes containing 50 pills, price 50 cents per box; for sale by Druggists and dealers. Will be sent free to any address on receipt of the price. All letters, orders, etc., should be addressed to

WHEREAS, THE MANITOWOC AND Mississippi Railroad Company, a Corporation duly constituted by the laws of the State of Wisconsin, did execute to the subscribers, on the first day of October, in the year A. D. 1856, a mortgage deed, whereby for their railroad, from its eastern termination in the village of Manitowoc, to the Fox river, at the village of Menasha, in the county of Winnebago, being forty-two miles in distance, constructed and to be constructed, together with all and singular the roadway and land procured or acquired, or to be procured or acquired, for rights of way within the limits aforesaid, together with all bridges, fences, privileges, rights, franchises, and real estate owned by said Company for the purpose of said road, or which would be thereafter owned or acquired by the said company, within the limits aforesaid, and all the tolls, income, issues and profits to be had from the same, and all lands which were or should be used, and occupied for depots or stations, or which should be thereafter procured therefor, with all the buildings standing, or which should be erected thereon, together with all locomotives, tenders, passenger cars, freight cars, shops, tools and machinery owned or thereafter acquired by the said company, and in any way belonging or appertaining to the said railroad constructed and to be constructed within the limits aforesaid, including all its property, real or personal, pertaining to said railroad, within said limits, and all its rights, estates and franchises thereunto belonging, were conveyed to the undersigned, to be held by them in trust for and as a security to the bondholders of said company, for the payment of the bonds of the company, secured by said mortgage deed, and of the interest thereon as it should become due.
And whereas, by said mortgage deed it is provided that if said railroad company should fail, neglect or refuse to pay the principal sum, or any part thereof, or any of the interest on any of the bonds of said company secured by said mortgage deed, at any time when the same shall become due, and payable according to the tenor of said bonds, when demanded, then, at the expiration of sixty days from and after such default, failure, neglect or refusal, in case such principal or interest should then remain unpaid, the subscribers hereto were authorized and directed by said mortgage deed, upon the written request of the holders of at least one-half of the said mortgage bonds issued under said mortgage deed then outstanding unpaid, to cause the said premises, real and personal estate, and property, rights and franchises, or so much thereof as should be necessary to pay and discharge the principal and interest of all the said mortgage bonds as should then be unpaid, to be sold at public auction, in the village of Manitowoc, in the State of Wisconsin aforesaid, or in the city of New York, on giving at least ninety days' previous notice of the time, place and terms of such sale, and of the real and personal property and estate, rights and franchises to be sold, by publishing the same in two newspapers of good circulation in each of the cities of Milwaukee and New York, in order to pay and discharge the principal and interest of the mortgage bonds aforesaid, and on such sale to execute and deliver to the purchaser or purchasers thereof a good and sufficient deed of conveyance in fee simple for the same, which will be a bar against the said railroad company, their successors and assigns, and all persons claiming under them, of all right, interest or claim of, in or to the said premises, real and personal estate and property, rights and franchises, or any part thereof.
And whereas, the interest that became due on the first day of October, 1857, upon all the bonds issued by said Company secured by the mortgage deed aforesaid, amounting to the sum of three thousand one hundred and fifty dollars, was not paid by said Company, of which non-payment more than one-half of said bondholders have given the undersigned due and sufficient written notice, in full compliance with the conditions of said mortgage, and have required them to proceed to sell said property in order to pay the amount due them on said bonds.
Notice, therefore, is hereby given, that in pursuance of the authority in us vested by said mortgage deed, we will expose for sale at public auction, to the highest bidder, for cash in hand, or for the said outstanding mortgage bonds, or any of them, at the Merchants' Exchange, in the city of New York, on the 4th day of December, 1860, at 12 o'clock M. of that day, all and singular the Manitowoc and Mississippi Railroad Company, together with the privileges, rights, franchises, personal property and real estate of said Company, with all the rights, privileges and profits appertaining thereto, in order to pay off the indebtedness of said Company to the said bondholders, and the cost and expenses of this sale.

Special Notices.

American Watches,

MADE BY THE

AMERICAN WATCH COMPANY,

AT WALTHAM, MASS.

Attention is invited to the following statement and the accompanying letters of recommendation and testimonials, in favor of these celebrated Watches.

A gold medal was awarded the Company by the American Institute at New York in 1857.

The Company also received the first premium—a gold medal from the Franklin Institute, Philadelphia, in 1858.

These Watches have now been in market for nearly ten years, during which time they have been tested as to accuracy, durability, and reliability in every conceivable manner, and have proved themselves to be the most satisfactory time-pieces ever offered to the public.

This result has been brought about by a strict application of mechanical science to the construction of the Watch from its very inception, rendering it when finished, mathematically correct in all its proportions, and necessarily as perfect a time-keeper as it is possible to make.

The Company have tested their Watches in many instances, by actual daily noting, and the result of this test has been that they have exhibited a rate equal in regularity to the best marine chronometer.

From the Prairie Farmer, Oct. 1860.

AMERICAN WATCHES.—Nearly a year ago, we received from Messrs. Robbins & Appleton, General Agents of the American Watch Company, and *paid for* a good looking watch, "warranted," with the request that after thorough trial we should say what we thought of it, editorially. It has been our constant companion nearly a year. We have had no fault to find with the way it has ticked the time. *We do not want a better time-piece* than this has proved to be thus far. Once regulated (and we regulated it ourself) it has scarcely varied a half minute a month from "transit time." Added to its quality as a good time keeper, it is honestly and substantially made. *Were we going to purchase, we should prefer* an American watch.

Office of the Tribune,
New York, Oct. 27, 1859.

American Watch Company, Waltham.

Gentlemen,—Having carried one of your watches for the last eight years, I can say confidently that they will do, and may be bought with assurance that they will keep time. I believe the watch unsurpassed.

HORACE GREELEY.

New York, Aug. 2, 1860.

Gentlemen—In reply to yours of 25th ulto. we take pleasure in stating that the American watch now in use upon our railroad, has varied only six seconds, in a little over six months.

Respectfully,
S. W. & W. A. TORREY,
Contractors on the Rar. and Del. Bay R. R.
To Messrs. Robbins & Appleton.

Boston, Sept. 27, 1859.

Mr. R. E. Robbins, Treasurer Amer. Watch Co.:

Dear Sir—It gives me great pleasure to comply with your request for a report of the performance of the American Watch I purchased of you Dec. 2, 1858. It was set on that day, and the variation from true time to the 29th of February, 1859, when I let it run down, was ten seconds fast. From that time to the present, it has run with nearly perfect steadiness, having during the eight months remained at from seven to nine seconds fast, and this with an commonly rough usage. I can commend your manufacture in the highest terms.

Yours truly,
JAMES H. CLAPP,
Firm of Clapp, Fuller & Brown, Bankers, Boston.

The following named gentlemen may be referred to in relation to these Watches:

Hon. Hannibal Hamlin, Me.; John G. Saxe, Vermont; N. P. Willis, New York; Hon. N. P. Banks, Mass; Horace Greeley; Frank Leslie; Cyrus W. Field, New York; Wm. H. Cary, N. Y.; Paul Morphy, New Orleans; Norman Wiard, Wis; Dr. J. Marion Sims; Prof. Bartlett, West Pt; Lieut. H. A. Wise, U. S. N.; Col. W J Hardee, U.S.A; S. I. Prime, D.D., Wh't Pls; Wilson G. Hunt, N. Y.; Gen. G. P. Morris, N. York; Peter Cooper, N. York.

CAUTION.—As our Watch is now extensively counterfeited by foreign manufacturers, we have to inform the public that no watch is of our production which is unaccompanied by a certificate of genuineness, bearing the number of the watch, and signed by our Treasurer, R. E. Robbins, or by our predecessors, Appleton, Tracy & Co.

As these watches are for sale by jewelers generally throughout the Union, the American Watch Company do not solicit orders for single watches.

Right will Triumph at the Last.

BY GEO. A. HAMILTON.

Brother, have the brightest visions
Of life's morning passed away?
Are the hopes of youthful fancy
Lying oft in sad decay?
Are your foes both strong and many?
Is your sky oft overcast?
Never yield up truth or duty,
Right will triumph at the last!

Sister, does the way seem lonely—
Pure, and gifted hearts seem few?
Do the brightest days seem changing—
Clouds hang o'er the pure and true?
Still with trusting faith and spirit,
Wait until the clouds are passed,
Sure as sunlight brings the morning,
Right will triumph at the last!

Brother, are you sometimes fearing
There are lions in the way?
Doubting, are you sometimes asking,
If the night will yield to day?
Is the sky that bends above you,
Thickly, darkly overcast?
Sure will come the glorious sunshine,
Right will triumph at the last!

Sisters, are you getting weary,
With the weight of care and pain?
Oft do friends forsake and grieve you,
When their love should most sustain!
Are the flowrets of the morning,
Changing, fading, dying fast?
Do not let true courage fail you,
Right will triumph at the last!

Surely there will come a morning,
That will scatter all the gloom—
Brightest hopes and sweetest flowers,
Then will brighter, sweeter bloom;
Then will be no friendships withered—
No corroding, chilling blast,
Do not waver, trust forever!
Right will triumph at the last!

Earnest striving, humbly trusting,
Self-denying, watch and pray—
Onward, onward till the dawning
Of that bright, triumphant day;
All the foes of right and justice,
Trembling, then will stand aghast—
All the ransomed then proclaiming,
Right doth Triumph at the last!

IODINE A CURE FOR THE BITE OF A RATTLESNAKE.—Judge W. F. M. ARNY, who, in connection with his son, has been for several years engaged in gathering reptiles for the Smithsonian Institute, writes the following letter to the New York *Ledger:*

ATCHISON, Oct. 8, '60.

TO THE EDITOR OF THE NEW YORK LEDGER:—In your last paper, I find an article headed, "Bitten by a Rattlesnake," in regard to a man named Garton, in which it is stated that "whiskey had no power to save him." I have known a number of instances where persons bitten by rattlesnakes, have lost their lives in consequence of their depending upon whiskey as an antidote.

But in my experience I have known a number of cases of persons who have been bitten by rattlesnakes and other poisonous reptiles, to be effectually cured by the use of "the Tincture of Iodine."

I have usually used a dose of four or five drops upon a lump of loaf sugar, to be taken inwardly by the person bitten—then give a slight cut with a knife or lancet at the place bitten, and saturate it thoroughly with the iodine—and have never known it to fail. The only use for alcoholic liquors, in my estimation, is to preserve the reptiles. I have a rattlesnake now in alcohol which is about four feet in length. He was placed in it bottle alive, and alcohol poured over him; the result was, that the snake and his poison both became harmless, whilst it cured it killed. To your readers I say, use as an antidote Tincture of Iodine, and let whiskey alone.

Yours,
W. F. M. ARNY.

A TREMENDOUS FAST HORSE.—Many years ago a solitary horseman might have been seen swiftly riding towards Toledo, Ohio. The sun had just set in the western horizon. 'Twas the close in short, of an election day, and that solitary horseman was courier from an important township in the country. All but the one we speak of had been heard from at Toledo, and the vote of this very township was needed to tell how the county had gone. At length the solitary horseman arrived in Toledo, and reined the foaming steed up before the Indiana House. A big crowd of Whigs and Democrats rushed for the news.

"Better time," said the solitary horseman, looking at his watch, "was never made by living hoss! Fifteen miles in thirty-two minutes! What d'ye think of that gentlemen!" asked the horseman.

"Bus the horse," yelled the excited crowd, "how has —— township gone?"

"Gentlemen," replied the solitary horseman, "I disremember. It went either Whig or Democratic, but I've been so taken up with the speed of this 'ere hoss that I forgot which; but gentlemen!" roared the excited horseman, rising in his saddle and waving his whip in the air, "you may just rest satisfied on one point: all creation can't beat this hoss!"

BEECHER says of Blondin: "It is a very small thing for that fool to walk across a cable with the roar of Niagara under him, carrying some booby like himself on his back, though ten thousand other fools go to gape and stare at him. But for a man to walk across the thread of daily life, carrying, not another fool, but a soul with immortality in every faculty, potent, wonderful in scope, and power, and susceptibility, so as to keep it in balance, is not a small thing. It requires him to be wide-awake—that is, to *watch.*"

THE ATTENTION OF THE YOUNG men of Wisconsin in particular, and of the Western and North-western States generally, is respectfully called to the advantages which this Institution offers for the acquisition of a knowledge of

BOOK-KEEPING

And commercial pursuits generally. It is now in a flourishing condition, and is working under a CHARTER OF INCORPORATION. The rooms are large and commodious, and are fitted up in splendid style. On introducing the subject to the student, he is led carefully, step by step, through the fundamental and general features of the science; and when these are fully realized, he is required to embark into a career of general speculation and merchandising, framing and adjusting contracts, purchases, sales, &c., &c.; making the necessary entries in the principal and auxiliary books, in precisely the same manner and order as they are made by the skillful Book-Keeper, in the counting-room of actual business.

Thus when the work is completed, the Student finds himself, not a mere theoretical, but a practical accountant, having with every branch of this interesting and important science, as applied to General Mercantile, Wholesale, Retail, Commission, Importing, Exporting, Foreign and Domestic Shipping, Stocks, Exchange, Banking, Manufacturing, Mining, Steamboating, Railroading and business of Compound or Company speculation, in each of which, he has met with adverse as well as prosperous operation.

SOYER'S SULTANA'S SAUCE,

For Hot and Cold Dishes of all Kinds.

THIS MOST DELICIOUS and appetizing Sauce, invented by the renowned "SOYER," for the London Reform Club, is, since his decease, manufactured by the well known house of CROSSE & BLACKWELL, London, from the original recipe. It is the favorite sauce in England and on the Continent, with a high and growing reputation among American Epicures, and is much approved of as a stimulant to the appetite and aid in digestion.

Opinions of the London Press.

"We recommend our correspondent to try MONS. SOYER's new Sauce, entitled the 'Sultana's Sauce.' It is made after the Turkish recipe; its flavor is excellent, and it affords considerable aid in cases of SLOW AND WEAK DIGESTION."—*The Lancet.*

"Savory, Piquant and Spicy, worthy the genius of Soyer."—*Observer.*

"A most valuable adjunct to Fish, Flesh and Fowl, and should have a place on every table."—*Atlas.*

RICHARDSON'S

IRISH LINENS,

DAMASKS, DIAPERS, &C.

CONSUMERS OF RICHARDSON'S LINENS, and those desirous of obtaining the GENUINE GOODS, should see that the articles they purchase are sealed with the full name of the firm,

J. N. RICHARDSON, SONS & OWDEN,

as a guarantee of the soundness and durability of the Goods.

This caution is rendered essentially necessary, as large quantities of inferior and defective Linens are prepared, season after season and sealed with the name of RICHARDSON, by Irish houses, who, regardless of the injury thus inflicted alike on the American consumer and the manufacturers of the genuine Goods, will not readily abandon a business so profitable while purchasers can be imposed on with Goods of a worthless character.

Pure Ohio Catawba Brandy!

THE UNDERSIGNED HAS BEEN DULY appointed the only and sole agent for this truly

PURE MEDICINAL BRANDY

For the City of Milwaukee. This Brandy has been thoroughly analyzed by the N. Y. State Assayer, Dr. A. A. Hayes, Chemist, and Prof. Upman Shepard, Charleston, S. C.; Prof. T. R. Chilton, New York; Prof. Pratt, of Savannah; Prof. Lamont, J. R. Nichols, of Boston; and Dr. Cox, of Cincinnati; and is endorsed by them to be strictly pure, and an excellent stimulant in all cases where pure Brandies are indicated.

The manufacturer of this pure Brandy guarantees (or will refund the money) that it will cure

CHOLERA INFANTUM,
SUMMER COMPLAINT WITH CHILDREN,
DIARRHOEA,
BOWEL COMPLAINT,
DYSPEPSIA,
FLATULENCY,
CRAMP,
COLIC,
LANGUOR,
LOW SPIRITS,
GENERAL DEBILITY AND NERVOUSNESS.

Physicians are now prescribing it in the place of Paregoric—not having the deadening effect of that medicine upon the brain.

The physicians in each city, town or village in the State are solicited to apply to the undersigned, who will give them a bottle free of charge, to try before prescribing.

Dose for an infant six weeks old, one teaspoonful, diluted in two tablespoonfuls of cold water, and given by the teaspoonful every five minutes until relief is effected.

Adults and children in proportion.

The want of pure Medical Brandy has long been felt in this country.

The properties contained in this Brandy are more stringent than French Brandies. This the manufacturers claim the merits, and challenge the world to disprove these facts.

ISAAC JACOBS is the only appointing agent for the United States and Canadas, 90 and 143 Third Street, Cincinnati.

HENRY FESS,

THESE POPULAR BITTERS POSSESS all the nourishing and invigorating properties of PURE OLD BOURBON WHISKEY, and are considered the most agreeable STOMACHIC ever offered to the public. As a TONIC for OLD PEOPLE, delicate ladies, convalescent invalids, and all weakly people, they cannot be surpassed; in all cases of WEAKNESS of DEBILITY, they will give immediate relief, and impart a strong and healthy tone to the system. A trial will establish their merits over all other Tonics now in use. For LUNG COMPLAINTS, BRONCHITIS, DYSPEPSIA, NERVOUS DISEASES and LIVER COMPLAINTS, they are an invaluable remedy; and are a certain preventive of CHILLS and FEVERS.

Put up in Quart Bottles, in cases of one and two dozen, and for sale by Druggists and Grocers everywhere.

OF THE AGE.

MR. KENNEDY, OF ROXBURY, HAS discovered in one of our common pasture weeds a remedy that cures

EVERY KIND OF HUMOR.

One to three bottles will cure the worst kind of pimples on the face.

Two or three bottles will clear the system of biles.

Two bottles are warranted to cure the worst canker in the stomach.

One or two bottles are warranted to cure all humor in the eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruptions of the skin.

Two or three bottles are warranted to cure the worst kind of ringworm.

Two or three bottles are warranted to cure the most desperate cases of rheumatism.

Three or four bottles are waranted to cure salt-rheum.

Five or eight bottles will cure the worst cases of scrofula.

One or three bottles are warranted to cure the worst cases of dyspepsia. I know from the experience of thousands that it has been caused by a canker in the stomach.

One or two bottles are warranted to cure sick headache.

One or two bottles are warranted to regulate a costive state of the bowels.

One or two bottles will regulate all derangement of the kidneys.

Four to six bottles has cured the worst cases of dropsy.

By strictly following the directions in the pamphlet around each bottle, and a judicious application of the

SALT RHEUM OINTMENT,

SCROFULA OINTMENT and

HEALING OINTMENT,

every sore and ulcer, of whatever kind of nature, except cancer, that has taken root, is perfectly and permanently cured.

ROXBURY, Mass.

DEAR MADAM:—The reputation of the Medical Discovery, in curing all kinds of humors, is so well established, by the unanimous voice of all who have ever used it, that I need not say anything on the subject, as the most skillful physicians and the most careful druggists in the country are unanimous in its praise.

In presenting the Medical Discovery to your notice, I do it with a full knowledge of its curative powers, in relieving all, and curing most of the diseases to which you are unfortunately soliable. That most excruciating disease to an affectionate mother

Nursing Sore Mouth

is cured as if by a miracle; your own temper is restored to its natural sweetness, and your babe from short and fretful naps to calm and sweet slumbers; and the Medical Discovery becomes a fountain of blessings to your husband and household.

In the more advanced stages of

Canker

it extends to the stomach, ensuing

Dyspepsia

which is nothing but canker on the stomach; then on the intestines and

Kidneys

creating a sinking, gone feeling, and an indifference even to the cares of your family.

Your stomach is

Raw and Inflamed,

your food distresses you, and you can only take certain kinds, and even of that your system does not get half the nourishment it contains, as the acrimonious fluid of the canker eats it up; then your complexion loses its bloom and becomes sallow or greenish, and your best day is gone. For want of nourishment your system becomes loose and flabby, and the fibres of your body become relaxed. Then follows a train of diseases which the Medical Discovery is peculiarly adapted to

Cure;

Palpitation of the heart, pain in the side, weakness of the spine and small of the back, pain of the hip joint when you retire, irregularity of the bowels, and also that most excruciating of diseases the

Piles.

How many thousands of poor women are suffering from this disease and pining away a miserable life, and their next door neighbor does not know the cause. I wish to impress on your mind that good old proverb, "an ounce of prevention is better than a pound of cure." In the

MEDICAL DISCOVERY

you have both the preventative and the cure, with this great and good quality, that it will never, under any circumstances, do you an injury. Yours truly, DONALD KENNEDY.

☞ For sale by all Druggists in Milwaukee, and by Druggists generally throughout the Western States. Price $1.00 per bottle. sepd138dawly

AYER'S CHERRY PECTORAL

FOR THE RAPID CURE OF

Coughs, Colds, Hoarseness, Influenza, Bronchitis, Whooping Cough, Croup, Asthma, Incipient Consumption,

AND FOR THE RELIEF OF CONSUMPTIVE patients in advanced stages of the disease.

We need not speak to the public of its virtues. Throughout every town and almost every hamlet of the United States, its wonderful cures of pulmonary complaints have made it already known. Nay, few are the families in any civilized country on this continent without some personal experience of its effects; and fewer yet the communities anywhere which have not among them some living trophy of its victory over the subtle and dangerous diseases of the throat and lungs. While it is the most powerful antidote yet known to man for the formidable and dangerous diseases of the pulmonary organs, it is also the pleasantest and safest remedy that can be employed for infants and young persons. Parents should have it in store against the insidious enemy that steals upon them unprepared. We have abundant grounds to believe the CHERRY PECTORAL saves more lives by the consumptions it prevents than those it cures. Keep it by you, and cure your colds while they are curable, nor neglect them until no human skill can master the inexorable canker that, fastened on the vitals, eats your life away. All know the dreadful fatality of lung disorders, and as they know too the virtues of this remedy we need not do more than to assure them it is still made the best it can be. We spare no cost, no care, no toil, to produce it the most perfect possible and thus afford to those who rely on it the best agent which our skill can furnish for their cure.

Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY PHYSIC:

are so composed that disease within the range of their action can rarely withstand or evade them. BŒRHAVE'S

Holland Bitters

FOR

DYSPEPSIA,

Liver Complaint, Fever and Ague, &c.

THE successful introduction and use of this celebrated Remedy has been the signal for a literal flood of compounds called "Bitters," offered in various forms, from a quart bottle to a five-gallon keg, until this word "Bitters" is but another name for "grog," or some villainous whiskey mixture.

But the really great relief derived from the minute dose, one teaspoonful, of our medicine,

BŒRHAVE'S HOLLAND BITTERS,

and the entire absence of after prostration, has established for it a reputation which the host of imitations and counterfeits have failed to undermine. It is positively a vegetable preparation, with barely sufficient pure spirits to preserve it.

But one size of the genuine, (Half-Pint Bottles,) price ONE DOLLAR.

It is a medicine of long-tried efficacy for *Purifying the Blood,* so essential for the foundation of good health and for correcting disorders of the stomach and bowels.

Two or three doses will convince the afflicted of its salutary effects. The stomach will speedily regain its strength, a healthy action of the liver, bowels and kidneys will soon take place, and renewed health be the quick result.

For INDIGESTION, Try **Bœrhave's Holland Bitters.**

For HEARTBURN, Try **Bœrhave's Holland Bitters.**

For ACIDITY, Try **Bœrhave's Holland Bitters.**

For WATERBRASH, Try **Bœrhave's Holland Bitters.**

For HEADACHE, Try **Bœrhave's Holland Bitters.**

For LOSS OF APPETITE, Try **Bœrhave's Holland Bitters.**

For COSTIVENESS, Try **Bœrhave's Holland Bitters.**

For PILES, Try **Bœrhave's Holland Bitters.**

In all Nervous, Rheumatic, and Neuralgic Affections, it has in numerous instances proved highly beneficial, and in others effected a decided cure.

Read Carefully!

The genuine, highly-concentrated BŒRHAVE'S HOLLAND BITTERS is put up in half-pint bottles only, and retailed at One Dollar per bottle. The great demand for this truly celebrated medicine has induced many imitations, which the public should guard against purchasing.

Beware of imposition! See that our name is on the label of every bottle you buy.

MOFFAT'S

Life Pills and Phenix Bitters!

THESE MEDICINES HAVE NOW been before the public for a period of THIRTY YEARS, and during that time have maintained a high character in almost every part of the Globe, for their extraordinary and immediate power of restoring perfect health to persons suffering under nearly every kind of disease to which the human frame is liable.

The following are among the distressing variety of human diseases in which the

VEGETABLE LIFE MEDICINES

Are well known to be infallible:

DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure, healthy bile, instead of the stale and acrid kind; FLATULENCY, Loss of Appetite, Heartburn, Headache, Restlessness, Ill-Temper, Anxiety, Languor, and Melancholy, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure.

COSTIVENESS, by cleansing the whole length of the intestines with a solvent process, and without violence; all violent purges leave the bowels costive within two days.

FEVERS of all kinds, by restoring the blood to a regular circulation, through the process of respiration in such cases, and the thorough solution of all intestinal obstruction in others.

The Life Medicines have been known to cure RHEUMATISM permanently in three weeks, and GOUT in half that time, by removing local inflammation from the muscles and ligaments of the joints.

DROPSIES of all kinds, by freeing and strengthening the kidneys and bladder: they operate most delightfully on these important organs, and hence have ever been found a certain remedy for the worst cases of GRAVEL.

Also WORMS, by dislodging from the turnings of the bowels the slimy matter to which these creatures adhere.

SCURVY, ULCERS and INVETERATE SORES, by the perfect purity which these LIFE MEDICINES give to the blood, and all the humors.

SCORBUTIC ERUPTIONS and BAD COMPLEXIONS by their alterative effect upon the fluids that feed the skin, and the morbid state which occasions all eruptive complaints, sallow, cloudy, and other disagreeable complexions.

The use of these Pills for a very short time will effect an entire cure of SALT RHEUM, and a striking improvement in the clearness of the skin. COMMON COLDS and INFLUENZA will always be cured by one dose, or by two in the worst cases.

PILES.—The original proprietor of these Medicines, was cured of Piles, of 35 years standing by the use of the LIFE MEDICINES alone.

FEVER AND AGUE.—For this scourge of the western country, these Medicines will be found a safe, speedy, and certain remedy. Other medicines leave the system subject to a return of the disease—a cure of these Medicines is permanent—TRY THEM, BE SATISFIED AND BE CURED.

BILIOUS FEVERS AND LIVER COMPLAINTS.—General Debility, Loss of Appetite, and Diseases of Females—the Medicines have been used with the most beneficial results in cases of this description: King's Evil and Scrofula, in its worst forms, yields to the mild yet powerful action of these remarkable medicines. Night Sweats, Nervous Debility, Nervous Complaints of all kinds, Palpitation of the Heart, Painters's Colic, are speedily cured.

MERCURIAL DISEASES.—Persons whose constitutions have become impaired by the injudicious use of Mercury, will find these Medicines a perfect cure, as they never fail to eradicate from the system all the effects of Mercury, infinitely sooner than the most powerful preparations of Sarsaparilla.

It is not too Much to Say

SINCE ALL,

OLD AND YOUNG

Affirm its Truth,

VIZ: THAT PROF. WOOD'S HAIR RESTORATIVE will preserve *infallibly* the growth and *color* of the hair, if used two or three times a week, to any imaginable age. Perfectly restore the gray, cover the bald with nature's own ornament, the hair; make it more soft and beautiful than any oil, and preserve the scalp free from all disease to the greatest age. Statesmen, Judges, Attorneys, Doctors, Clergymen, Professional men, and Gentlemen and Ladies of all classes, all over the world, bear testimony that we do not say too much in its favor. Read the following, and judge:

HICKORY GROVE, St. Charles Co., Mo.,
November 19, 1857.

PROF. O. J. WOOD—Dear Sir: Some time last summer we were induced to use some of your Hair Restorative, and its effects were so wonderful, we feel it our duty to you and the afflicted to report it.

Our little son's head for some time had been perfectly covered with sores, and some called it scald head. The hair almost entirely came off in consequence, when a friend, seeing his sufferings, advised us to use your Hair Restorative; we did so with little hope of success, but to our surprise, and that of all our friends, a very few applications removed the disease entirely, and a new and luxuriant crop of hair soon started out, and we can now say that our boy has as healthy a scalp, and as luxuriant a crop of hair as any other child. We can, therefore, and do hereby recommend your Restorative, as a perfect remedy for all diseases of the scalp and hair. We are

Yours respectfully,
GEORGE W. HIGGINBOTHAM,
SARAH A. HIGGINBOTHAM.

PROF. WOOD—Dear Sir: My hair had, for several years, been becoming prematurely gray, accompanied by a harshness which rendered the constant application of oil necessary in dressing it. When I commenced using your Hair Restorative about two months ago it was in that condition; and having continued its use till within the last three weeks, it has been turned to its natural color and assumed a softness and lustre greatly to be preferred to those produced by the application of oils or any other preparation I have ever used. I regard it as an indispensable article for every lady's toilet, whether to be used as a Hair Restorative or for the simple purpose of dressing or beautifying the hair. You have permission to refer to me all who entertain any doubt of its performing all that is claimed for it.

MRS. C. SYMONDS,
Cincinnati, Ohio, Feb. 10, 1857. 114 Third st.

WELLINGTON, Mo., Dec. 5, 1857.

PROF. WOOD—Dear Sir: By the advice of a friend of mine, who had been using your Restorative, I was induced to try it. I had the fever, some time last May, and nearly every hair in my head came out. Now my hair has come in a great deal thicker than ever it was. Nothing but a duty and sympathy that I feel to communicate to others who are afflicted as I have been, would induce me to give this public acknowledgment of the benefit I have received from Prof. Wood's Hair Restorative.

Yours respectfully,
A. K. JACOBS.

The Restorative is put up in bottles of three sizes, viz: Large, medium, and small; the small holds ½ a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $3 a bottle.

Sherry Wine Bitters!

The Celebrated New England Remedy

FOR HABITUAL CONSTIPATION,

JAUNDICE, FEVER AND AGUE, GENERAL DEBILITY, AND ALL DISEASES ARISING FROM A DISORDERED STOMACH, LIVER, OR BOWELS.

IT IS A MEDICINAL TONIC THAT most persons require during the summer season. Try its virtues all you who are debilitated and require medicinal aid.

The following is from the best authority. Mr. Stanford is a merchant, well known, and now, to see him, you would behold a man the picture of health

BLOUNTSVILLE, Henry Co., Ind., May 4, 1860.

MESSRS. J. M. HARRIS & Co., Cincinnati, O.

Gents:—Your Agent visited me to-day, and proposed, eaving me a supply of your Richardson's Sherry Wine Bitters on sale. I hailed them as an old and valued friend, for such they proved to me. After hearing a statement of my case, and experience with the bitters, you will not think me enthusiastic when I say that I attribute my present good health, *even life itself,* to the merits of your truly invaluable medicine. Some three years since I was attacked with great nervous debility, which was soon followed by palpitation of the heart, of the most severe and prostrating character. At the expiration of six months I was reduced to a mere skeleton, and was satisfied if relief did not soon come I must pass away. Two physicians attended me a good portion of the time, but their efforts to afford relief were of no avail. Finally one of them suggested a trial of the "Sherry Wine Bitters," and to my great satisfaction, their effects upon me were most beneficial from the start. After using about a dozen bottles I was completely restored, and am now in robust health. You may expect good as ever it me, as I can recommend them on their merits.

You are at liberty to make use of this statement as may best suit you, as I give it freely, and with a hope that others may be induced to try it who are suffering as I was. With all respect, I remain,

Yours truly,
THOMAS STANFORD.

PERRY DAVIS'

VEGETABLE

PAIN KILLER.

WE ASK THE ATTENTION OF THE trade to this long tested and unrivaled

FAMILY MEDICINE.

It has been favorably known for more than twenty years, to be the

ONLY SURE SPECIFIC

For many diseases incident to the human family.

Internally and Externally

It works equally sure.

What stronger proof of these facts can be produced than the following letter received unsolicited from A. W. Curtis:

ROMEO, Macomb Co., Mich., July 9, 1860.

MESSRS. J. N. HARRIS & Co.

Gentlemen:—The confidence I have in Perry Davis' Pain Killer as a remedy for Colds, Coughs, Burns, Sprains and Rheumatism, for the cure of which I have successfully used it, induces me to cheerfully recommend its virtues to others.

A few months ago I had recourse to it to destroy a felon; although I had never heard of its being used for that purpose, but having suffered intensely from a former one, and having no other remedy at hand, I applied the Pain Killer freely for about fifteen minutes at evening, and repeated the application very briefly the next morning, which entirely destroyed the felon, and increased my confidence in the utility of the remedy. Yours truly,

A. W. CURTIS,
Minister of the Wesleyan Methodist Church.

THE PAIN KILLER

Has been tested in every variety of climate, and by almost every nation known to Americans. It is the almost constant companion and inestimable friend of the missionary and the traveler—on sea and land—and no one should travel on our lakes or rivers without it.

Be sure you call for and get the genuine Pain Killer, as many worthless nostrums are attempted to be sold on the great reputation of this valuable medicine.

The receipts of wheat to-day were 67,331 bus, and the shipments 110,491 bus, so it will be seen that the stock on hand is being steadily reduced, and cannot now be much over 200,000 bus. A good share of that is held by parties who will not ship it this fall, unless there should be material improvement in prices. The market to-day was rather quiet, and without change, buyers offering 83 and 85c for No. 2 and No. 1 spring, and sellers disposed to hold back for better prices. A concession of 1c, or even ½ a cent on the part of the former, would have brought a large amount on the market. The sales up to the close of 'Change amounted to about 66,000 bus. No. 1 and Club in bags sold at 86@88c, and Extra Club 89@90c delivered.—Freights were dull and nominally unchanged. The engagements include the schrs. *Wellington, Wild Rover* and *Rival*, wheat to Oswego at 15½@17c, and *A. Handy*, Racine to Oswego at 18c. Flour was very dull, buyers insisting on a further decline. We could only hear of sales of a few hundred barrels at $4@4,15 for common to fair country Extra.

ANOTHER EXPLOSION.

It will be seen by our telegraph despatches that there has been another propeller explosion—the second within two days. The propeller *Globe* exploded her boiler at Chicago yesterday, killing 13 persons, and seriously injuring as many others. She had just arrived from Buffalo, having discharged her freight at this port only a few hours before the catastrophe occurred. On her last trip down the *Globe* was detained from three to four days in this port by some defect in her boiler, and Capt. PRATT made use of the expression to a gentleman of this city, that he "didn't know but they were all going to be blown to hell" while coming from Chicago to this port, having twice discovered the boiler nearly dry. He discharged the engineer, and after employing another proceeded on his downward trip, but had not gone far before the boiler began to run dry again, and he had to return to port. The second engineer was then discharged, or else left, and a third employed, and after a further delay of about two days the *Globe* continued on her passage. These circumstances were mentioned by a Custom House officer in the presence of our reporter the same day the *Globe* sailed from this port on her last trip to Buffalo, and in view of the terrible destruction of life recorded in our columns this morning, we feel justified in mentioning them to aid in ascertaining whether this awful catastrophe was not the result of gross negligence, or incompetency on the part of those having charge of the boat.

THE MOHAWK.

A despatch from the captain of the prop. *Mohawk*, which exploded one of her boilers on Tuesday morning crossing the St. Clair Flats, states that she lies in 11½ feet of water, and can, he thinks, be pumped out. The flour which she took from this port was on deck, and is not injured.

SCHR. NIGHTINGALE.

Capt. Gager, of the tug *Echo*, brought in the schr. *Nightingale* safely, yesterday morning. She will go into dry dock to have her bottom examined and get a new rudder. She was disabled by striking on Windmill Point Reef, Sunday morning, in the thick weather, and had a narrow escape from total loss.—*Buffalo Express*, Wednesday.

BRIG MINERAL LOST.

The Buffalo *Express* says:

The brig *Mineral*, of Kingston, Canada, loaded with lumber for Oswego, from Kingston, is ashore at Adams below Oswego. The vessel will prove a total loss.—Crew and cargo saved.

FROM DETROIT.

No vessel passed this port between one o'clock yesterday and nine this morning. The wind has changed to N. W., but the weather is more calm. A light flurry of snow last night, the first of the season.—*Det. Tribune, Tuesday eve.*

SUCCESSFUL EFFORT TO SAVE A SINKING VESSEL.

The propeller *Relief* was towed into port yesterday morning by Captain Gager, of the tug *Echo*. She has gone into dry dock for repairs. The saving of this boat, after striking on the bar, in going out to the rescue of the schooner *Nightingale*, was a most miraculous affair. After her rudder was gone she headed up seaward until she made an offing sufficient to anchor safely. It was then discovered that she was leaking badly and steadily against the boat's pumps and the donkey engine—she was fast filling. It happened by accident that she had a steam pump on board. It was a match against time, at "high stakes," to get that pump set up and at work before she filled and sunk. She had a twelve feet hold, and when the pump had got to work, she had six feet of water in her. "Time" was called none too soon. There have been but few things upon the water done more successfully than this was, and it all goes to show that a good award awaits well directed effort. Many and many a ship has been allowed to sink with less than a quarter of such a reason.

RAILWAY MATTERS.

NEGOTIATION.

It is stated that the Atlantic and Great Western R. R. Co. have negotiated a million of bonds in England.

A FRANK ACKNOWLEDGEMENT.

The Chicago *Times* publishes the October earnings of the Milwaukee & Mississippi Railroad, and adds the following just comment upon the present management of that road:

The increase over the large business of October last year proves the great and growing resources of the country through which the M. & M. R. R. passes.—The contrast between the increase in freight and passenger earnings, (the gain in the former being $55,347 97, and the latter only $216 43, as compared with last year), however, would seem to indicate that the experiment of diverting the through travel over the Northwestern, has not promoted the interests of the stockholders to any material extent.

That is precisely what we have always claimed, and we are glad to find a Chicago paper frank enough to acknowledge the correctness of our position.

SPECIAL NOTICE.

THERE IS A RARE OPPORTUNITY for a good BLACKSMITH and a good SHOEMAKER to establish themselves in a lucrative business, in the town of Herseyville, in Monroe County, Wisconsin. It is located on the line of the LaCrosse & Milwaukee Railroad, in the heart of the famous La Crosse Valley, one of the pleasantest and healthiest parts of the State. Being a new place, the owner of the lands in the vicinity of the depot proposes to furnish building lots for shops and dwellings, to a limited number, FREE, so as to enable some industrious, but poor mechanics, an excellent chance to better their immediate prospects. The place is thriving, and has, at present, some two or three hundred farmers within five miles; and two good water-powers within half a mile of the depot; also a post-office and store. Large quantities of wheat are shipped daily from this station.

Any communications to the undersigned will be promptly attended to. G. M. GERSEY,

SINGER SEWING MACHINES!

The marked and ever extending popularity of

Singer's Sewing Machines!

BOTH IN AMERICA AND EUROPE, is such as best to establish their superiority over all others in the market. Sewing Machines—*so called*—may be bought, it is true, for a smaller amount of dollars, but it is mistaken economy to invest anything in a worthless or unreliable article, and those who do so must abide the consequences.

SINGER'S NEW FAMILY MACHINES.

In order to place THE BEST FAMILY MACHINES IN THE WORLD within the reach of all we have reduced our LETTER A, OR TRANSVERSE SHUTTLE MACHINES, beautifully ornamented, to $50.

SINGER'S NO. 1 AND 2 STANDARD SHUTTLE MACHINES.

Both of very general application and capacity, and popular both in the family and the manufactory. Prices reduced, respectively from $135 and $150 to $90 and $100.

UNITED STATES MAIL PACKET LINE

Running only between LA CROSSE & ST. PAUL for the transmission of

Passengers, Freight and Mails.

THE PACKET LINE IS COMPOSED of the Steam Packets

Favorite, Frank Steele, Winona, and Aeolian,

Acknowledged to be the best boats for the trade upon the Upper Mississippi, being of lighter draft than any now running.

This Line carries the United States Mail, and has not missed a daily connection since it was established, with the trains, either way, upon the La Crosse & Milwaukee Railroad.

Shippers from Milwaukee will see that this is the most reliable Line of Boats for Freights, as the lightness of draft enables them to make their trip without delay, while by any other route delays are unavoidable.

One of the above Boats will leave La Crosse every evening, on the arrival of the 1:55 P. M. train from Milwaukee, and returning arrive at La Crosse in season to connect with the Express Passenger train, which leaves at 5 A. M.
